## THE ORAH FUND

### FUND DESCRIPTION

**The ORAH Fund is a fund of funds aiming to produce risk-adjusted returns in excess of a composite benchmark comprising 50% of the MSCI World and 50% of the ASX 300 Index.**

To achieve the Fund's objectives, the investment manager seeks to identify a set of specialist Underlying Funds that possess varied investment styles and strategies. This diversification is expected to result in reduced volatility and more stable returns over time. The Fund's investments are geographically diversified with the Underlying Funds investing in assets held both domestically and abroad.

The ORAH Fund was established in order to benefit charities supporting Jewish related causes, and all management and performance fees charged by the ORAH Fund are donated to charity. Importantly, the donations do not dilute the investment returns to unitholders. This is due to the philanthropy of the managers of the Underlying Funds who do not charge management or performance fees for their services.

PERFORMANCE  
SUMMARY

The Fund generated a return of +0.79% (Class A) for the month ending 31 December 2021 compared to the benchmark which returned 2.17% over the same period.

What began as an obstacle for global share markets ended as a tailwind, with investors gaining confidence that the Omicron variant has a lower probability of severe illness following evidence out of South Africa and the UK. The MSCI World (in AUD) and ASX 300 both closed up 1.7% and 2.7%, respectively. However, the fear of weaker growth going forward (due to expected central bank policy normalisation, the imposition of fresh travel restrictions and temporary business shutdowns), saw large caps outperform small caps, as well as value stocks outperform growth stocks across the market cap spectrum.

PERFORMANCE  
HIGHLIGHT

The month saw strong performance from the Macquarie Professional Series Global Equity Fund, which provides access to the investment expertise of selected funds which form part of the Macquarie Professional Series. The Fund blends specialist investment managers with complementary investment approaches, providing exposure to a diversified portfolio of global equities and includes: Arrowstreet Global Equity Fund, Polaris Global Equity Fund, IFP Global Franchise Fund II, and Walter Scott Global Equity Fund.
